Forecast for Wednesday 08 Nov 2023

Weather: Rain, turning heavy, and strong winds spreading east through the early part of Wednesday, easing and then clearing mid to late morning. Largely dry and bright behind for the rest of the day. Showers developing later in the evening and pushing in from the west, becoming heavy and frequent.

Chance of cloud-free hill tops above 600m: 80% at first, soon reducing 20-30%, improving to 80-90% by late morning.

Low cloud and visibility: Broken cloud base 500-700m in association with the rain, clearing by late morning. Visibility moderate in rain or showers, otherwise good.
